SECRET

6. [redacted] Accompanied [redacted] OCI, [redacted] OER, and [redacted] OCI, to a briefing of the Speaker of the House of Representatives and his immediate staff, as well as Mrs. Albert, in connection with their scheduled trip to the USSR. There were several follow up items.

7. [redacted] Met with Representative John E. Moss (D., Calif.) and gave him a copy of the material in his OLC file which he reviewed in my presence. He noted that one journal item reflecting our contact with his former Administrative Assistant had never been brought to his attention. He was called away for a floor vote before completing his review and said he would keep the material in his personal safe and will show it to no one.

8. [redacted] Called Alexander Gabriels, in the office of the Vice President, and informed him that a final response had been sent to John W. DeCamp, State Senator from Nebraska, regarding his Freedom of Information request and that a letter of confirmation would be sent.

9. [redacted] Duke Short, Senior Investigator, Senate Judiciary Subcommittee on Internal Security, called and inquired as to when he would be receiving the material which [redacted] [redacted] was preparing in connection with his appearance before the Subcommittee. I said I would check and call him back. After checking with [redacted] I called Short back and informed him that the material was being sent up next week and he would get it as soon as it was reviewed by the Agency which would probably take a few days.

10. [redacted] Called Jack Boos, House Select Committee on Intelligence staff, and informed him that the Agency had sent [redacted] a letter advising him that after a very careful consideration the Agency concluded that it has no possible use for his company's translation device. Boos asked that a copy of the letter be sent to him.

11. [redacted] In response to her earlier call, called Ojia Stacks, Secretary on the staff of Representative Jack Edwards (R., Ala.), and advised her that the letter to the Representative concerning the Freedom of Information request of [redacted] had been mailed early this morning.
